McElroy Manufacturing, Inc. is a manufacturing and engineering firm offering a complete range of fusion equipment including PitBulls, TracStars, and their original wheeled units. The work ethic and professionalism of McElroy employees have been the primary key to propelling McElroy to the industry leader in pipe fusion and fintube products and technology. McElroy's fusion equipment can be used in gas, water, mining, geothermal, HVAC, dredging, methane gas recovery, sewer, and many other industries.
