Girard Industries is a leading manufacturer of pipeline cleaning products, including pigs, pig tracking systems, pig detectors, pig valves, spheres, cups, and discs. Girard began with the Polly-pig and has since developed and manufactured new pigging products to meet the demands of a changing industry. From natural gas and hydrocarbon pipelines to water and special application pipelines, they can provide technical assistance and the specific pig to accomplish the most difficult of tasks. All Girard products are manufactured at their plant in Houston, Texas.
