Subsite® Electronics provides underground construction professionals with the most comprehensive suite of electronic products in the industry. Products include utility locators, HDD guidance equipment, machine controls, and closed-circuit television remote inspection and monitoring cameras and accessories. All these products are handcrafted in the USA and distributed worldwide. The company has become the premier source of electronic technology to support the installation, rehabilitation, and maintenance of underground pipes and cables. Subsite Electronics is part of the Charles Machine Works family of companies. 100% privately held by the founding family and more than 1,400 employees worldwide, Charles Machine Works represents the best of both worlds: a strong company anchored with deep roots and a workforce equipped for the future.
