

Associated Training Services

7190 Elder Lane
Sun Prairie, Wisconsin 53590
United States

Phone: (608) 354-0765

Associated Training Services (ATS) offers short-term training programs in horizontal directional drilling, HDD locating, heavy/excavation equipment operation, mobile cranes, construction-related trucks, rigging, signaling, and commercial motor vehicles. The school offers standardized programs and customer-specific specialized training in the above areas. ATS focuses on maximizing customers' learning to enhance their knowledge and skills and ensure their safety and compliance with industry and governmental standards. ATS has a well-trained and highly dedicated team of instructors who can design, implement and deliver the highest quality instruction. Associated Training Services employs over fifty people at its fifty-acre Sun Prairie, Wisconsin campus, established in 1959. The school has a team of twenty-five instructors and a fleet of over one hundred heavy equipment, directional drills, mobile cranes, and trucks. All ATS graduates receive free employment assistance providing them with employment leads in their local community.
