Tri-State Utilities is a trenchless utility rehabilitation company based in Chesapeake, Virginia. Company services include Pipe Cleaning, CCTV Inspection, Smoke and Dye testing, Grouting, HDPE Slip-lining, and trenchless pipe lining featuring the C.I.P.P. Corp. cured in place process. To perform those services effectively, you need reliable equipment, and Tri-State Utilities' fleet is modern and state-of-the-art. Its Vactors, inspection rigs, boiler trucks, winches, backhoes, and dump trucks are all up to date and maintained to maximize production and eliminate costly downtime.
