

Budget Sewer

4321 Leary Way NW
Seattle, Washington 98107
United States

Phone: (206) 381-1904

Budget Sewer is a sewer repair and replacement contractor based in Seattle, Washington. Established in 2000, Budget Sewer uses trenchless pipe replacement and repair techniques to replace or repair your old broken, root-infested pipes without digging up the entire line. Using the trenchless pipebursting technique, not only does it save your lawn, foundation, driveway, or building from being torn up, but it also saves you time and money in the process. The technicians at Budget Sewer are industry leaders in trenchless technology. They have been helping diagnose, repair, and replace sewers in the Seattle area for over a decade. They'll work with you to diagnose and develop a plan to help keep your home sewer.
