516 Roundtree Road
Charlotte, North Carolina 28217
United States

Phone: (704) 529-0000
Fax: (704) 529-1648

Bio-Nomic Services, Inc. specializes in sludge and liquid waste management and has completed projects from coast-to-coast, including Canada. The company has innovated alternative disposal options for dewatered sludge cake, such as incorporating it into building materials. Utilizing its specialized equipment, it offers pumping, hydraulic dredging, dewatering, land application of biosolids and residuals, sewer cleaning, TV inspection, grouting of sewers, as well as root removal and control. Bio-Nomic Services, headquartered in Charlotte, North Carolina, is part of a nationwide collection of 14 Carylton Corporation companies.
